Overview

> Tags are used within the ERP to mark entries or to "tag" them as a certain thing for informational purposes.

Tags are used to categorize announcements, mark EOL products, setup product hierarchies, shown in price lists...

	NAME ^	FULL PATH NAME	SLUG	TABLE NAME	TYPE	PARENT TAG	ORDER COLUMN	DESCRIPTION	COMMENTS	ACTIONS
☐	Austria	Global Crew > Filter > Austria	austria	announcements	default	Filter	18		💬 0	☑ 📋
