

# Reward system

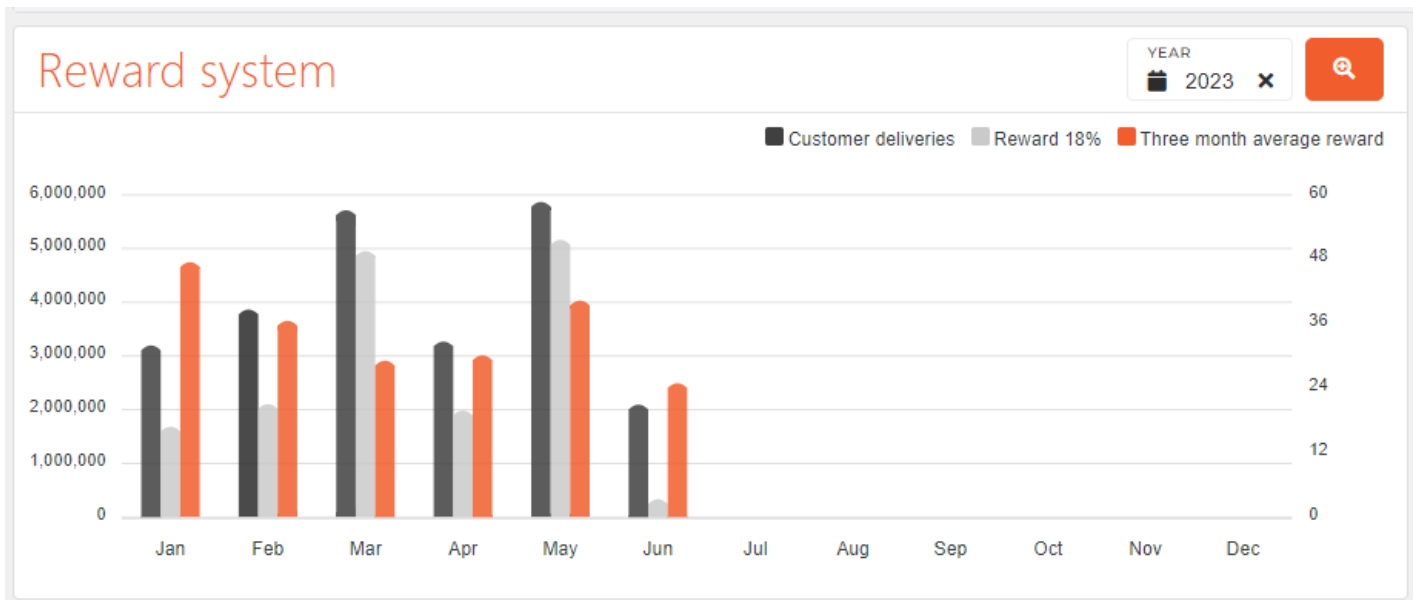

Under "My Tasks" we can find the **Reward System, Stock Market and Processes** sections, that serve mostly informational purpose.

## Reward System

Reward system section displays a graph that shows a yearly monetary amount from:

- **customer deliveries** (gray),
- **employee rewards** (light gray)
- **three month reward average** (orange)

The graph amounts are separated by month. You can select a different year to show in the graph and click on the color in the legend to show/hide those parts of the graph. Next to year selection is the **Show Details** button that you can press for a more detailed view of the information, shown in the graph.
