

# HS License

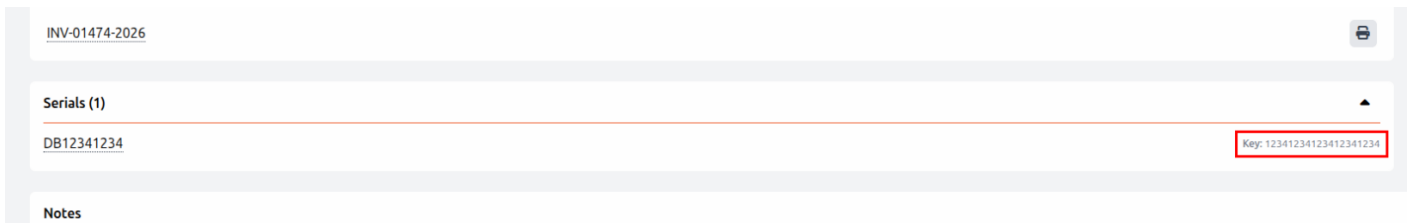

Open a sales order and find your HS serial.

The HS for serial should generally already be generated. Only serials with defined **"TDS License Key"** will have the license generated.

Before sending the invoicing email, check the **"Add HS activation codes PDF attachment to email"**. This will append the HS license certificate to the email before it's sent.

Once the order has been sent and the HS license certificate has been generated, the license key can be viewed on the **Dewesoft Account** site, on sales order's **details page**.

It can be found next to its corresponding serial number in the **"Serials"** section.

Revision #6
