

# 2026-09-18

## Changelog 1.707.0

- **French Language Support** – Added full support for the French language, including localized date and number formatting.
- **Assembly Blocker Logic** – Assembly tasks now automatically stay blocked if a product is a "release candidate" awaiting approval or if required modifications are incomplete.
- **Task Approvals Dashboard** – Introduced a new page to manage and confirm builds for products currently in the release candidate stage.
- **Improved Task Management** – Added the ability to cancel and reopen tasks directly, along with a new filter to view canceled items in task lists.
- **Connection Health Indicator** – Added a warning icon that alerts you if your live connection to the server is lost or unstable, ensuring you are always viewing up-to-date data.
