

Overview

This section is available only for **Price List Owners**.

Price list manager section is used to manage **versions of price lists**, used in the ERP. It is located under the "**Price lists**" menu.

To view a price list's products list, you have to open the edit form from the table.

<input type="checkbox"/>	NAME ^	DESCRIPTION	ACTIVE	VALID FROM	VALID TO	CREATED AT	UPDATED AT	ACTIONS
<input type="checkbox"/>	Test (end user)		NO	2024-04-16 00:00:00		Apr 16, 2024	Jun 10, 2024	
<input type="checkbox"/>	Test (transfer)	Test price list for testing new implementation	YES	2024-04-16 00:00:00		Apr 16, 2024	Jan 6, 2025	
<input type="checkbox"/>	NAME ^	DESCRIPTION	ACTIVE	VALID FROM	VALID TO	CREATED AT	UPDATED AT	ACTIONS

Showing 1 to 50 of 2 entries | Show 5 10 25 50 100 per page

The editing interface is color-coded for easier overview:

- **Blue:**
 - Blue indicators tell you how many products out of all available products in that category you have added to your price list.
- **Yellow:**
 - Yellow plus icons allow you to add the entire product category to your price list (they only appear if you have no products from that category added).
- **Red:**
 - Red notification bubbles are calls to action: they notify you of new products or price changes within the category.

Areas that can be edited are colored (e.g. **Target margin**), while columns that are automatically calculated (e.g. **MSRP margin** and **Current margin**) are not.
