

Create new product line

To add a new product line, press the **"Add new"** button to get redirected to the **"Add product line"** form.

To create a new product line, all that is required is a unique product line name.

Add product line

— Basic information

NAME *
new product line

WAREHOUSE LOCATION x
S1/1R1/1/01

PRODUCTS

PRODUCT * Select product	MIN STOCK 1	MAX STOCK 10	WAREHOUSE LOCATION * S1/1R1/1/01
--	----------------	-----------------	--

Duplicate Remove

[+ Add new](#)

Invalid fields

After save, create another

When adding a product into the product line, a default location for that product is required.
