

Delete purchase order

This action requires the **"delete purchase orders"** permission.

Purchase orders can be deleted by finding and selecting them in the table and clicking and confirming the **"trash"** button, that appears on the right, above the table.

The screenshot shows a table of purchase orders. The first row is selected, and a confirmation dialog box is open over it. The dialog box asks "Are you sure?" and has "Confirm" and "Cancel" buttons. The table has columns for Document No., Reference No., Status, Currency Rate, Purchase Email Sent, Sales Order, Created At, Order Items, and Comments. The status of the first row is "DELIVERED".
